***For all applicants:** How will admission to the IID&GH Training Program alter or contribute to your career goals?

Please list two manuscripts that you have authored which are your most seminal contributions to the biomedical literature and why? For PhD applicants without publications please list other ways you have contributed your knowledge to the field.

(required by all applicants)

* Required entries

Your application form should include:

- Your name and background
- Your confirmed IID&GHTP program mentor, name and contact information
- Names of 2 references (one must be from your proposed/confirmed mentor/supervisor)
- Program Track in which you are applying
- Description of why you are applying to the IID&GHTP
- Description of how the training program will help you to achieve your career goal
- Your research background and most recent significant scientific contributions to date

Other Required documents:

- Curriculum Vitae
- Cover Letter
- Three (3) page description of your research proposal
- Letters of Reference - hard copy or sent directly from your references via email to your designated site leader
- Official Undergraduate and Post Graduate Transcripts - a web version of your transcript is ok (Site dependent)
- For Manitoba-based trainees: A signed letter from your Program Mentor/Supervisor detailing the source of your stipend and support for the time required to participate in the program (ex: Monthly 2hr meetings, and 2 week annual course)
